CLUB MEETINGS: 3rd Thursday of each month 7.00pm at Sawtell Bowling Club, Sawtell. Come early for a meal at the bistro.

*Deceased
Firstly and foremost, a big thanks to Rob Popplewell for all his work over the past years keeping the magazine running and then providing all the advice needed to keep it going. A huge thank you Rob, not just mine, but from all the members.

It needs to be remembered though that the magazine is the members’ forum and should reflect the wishes of the members. Part of this is the standard reporting of minutes of meetings, the ride calendar, the market place and other related information. However, it can also be a voice for members’ concerns and ideas.

As such I would appreciate any assistance from members regarding their favourite cafes, their best rides and events that should be included in the ride calendar, any articles and reports for the magazine. Perhaps, Nigel, Gavin, Hayden, Mark and others with older off-road bikes would like to organise a “dirt ride”. Lance is considering putting together a “sidecar event”. It is only a matter of jotting down something and pushing a button if you are computer literate, or perhaps giving a note to me at meetings or on rides, or even using good old snail mail to the PO Box*. Remember your favourite weekend jaunt or week long run should become a club event.

With regard to the “Ride Calendar” the normal starting point is the Caltex Service Station on the corner of Halls Road and the Pacific Highway at South Coffs. Remember to look up the suggested route as there may not be a “reliable guide” present, and do stick to the route as other riders often join the ride along the way. It is always a good idea to let the Club Captain, one of the Vice Captains, or even a friend going to the Caltex know that you intend to join the ride later so that someone keeps an eye out for you. Try and bring a club plated bike if it is a designated “old bike” ride and if it is a “billy tea” ride throw in a billy, some tea, matches, milk in a jar, mug, newspaper and some bikkies, as it is not always fair to rely on others to come up with the gear. Similarly when the morning tea is at a members home bring some bikkies or a bun.

Looking forward to your contributions,

Nick Hiller

*Congratulations to President Bob for writing the first “Letter to the Editor”, but unfortunately it missed the publication deadline.
Reports

Christmas in July. (Sunday. 24th July, 2016)

Laura McKenzie outshone her own high culinary standards and provided a sumptuous meal for all attendees. There were some ... members who donned the appropriate festive headwear, warm clothes, and enjoyed the “Christmas” ambience of the Dorrigo Shelter Shed.

Point Lookout Weekend. (Fri-Sun 12-14th August, 2016)

It was the second year of this ride to Point Lookout and with an 80% return of previous attendees. The riders met on the Friday afternoon at the Residence, Point Lookout and Laura again did the cooking honours with fine dinners of soups and stews. The Saturday ride was off to Armidale and visits to the Gara River Hydro Electric Scheme, the “other” Dangar Falls and for the stayers a loop through Gostwyck and Uralla before returning to Point Lookout via Armidale. On Sunday, the overnighters were met by about 6 other members at Fuss Pots in Ebor and unfortunately Danny and Matthew Farrugia missed the Coffs crowd amongst all the other riders at Fuss Pots.

Grafton Rally. (Fri-Sun 26-28th August, 2016)

Well attended by Coffs Members, there was a group of about eight who stayed in Grafton and a similar number who made day trips for the rides. The chosen accommodation ranged from cabins in caravan parks, pubs and a crowd who camped at “Rally Headquarters” at Grafton Showground. The weather was outstanding as were the rides which were well marshalled.

The Friday ride out to Newbold Lookout saw a good crowd of about 60 bikes. It was an eclectic mix and there was no real emphasis on an old bike trundle as is the case with many “Friday” pre-rally rides. On Friday night there was a BBQ and drinks at the Showground which was well attended and very convivial, not surprising given the beers were cold and only $2 for a stubby!

On Saturday, there were at least one hundred bikes with a good smattering of older machines and entrants from clubs from as far south as Sydney and well into Queensland in the North.

The ride was out through Southgate and across the Lawrence Ferry to Maclean and Ashby for morning tea. Judging was by a popular vote and ballot at the Yamba Bowling Club lunch stop before the return ride to Grafton. The dinner at the Returned Services Club was both well attended and sumptuous. On Sunday, another glorious day saw the ride go out to a Camp Quality event at Wooli and then it was time to head home. Congratulations should go to the Clarence Valley club on a great rally.
How many Coffs riders can you spot on the Lawrence Ferry?
Do we need to wear our club shirts and caps?

Membership renewal

The end of the club’s financial year is 30th June 2015
Your membership expired on that date. The club gives you 2 months grace to renew, but the RMS does not. This means you cannot ride a conditionally registered bike after the 30th June unless you’ve paid your 2016/2017 membership subscription. As far as the RMS is concerned, if the owner of the vehicle is not financial with his club the bike is no longer attached to a club and is unregistered, irrespective of when the bike’s registration runs out.

The current fees are $30 a member or $45 for a couple.

The fees can be paid in cash to the Treasurer, by cheque in the mail to the PO box or by direct credit to the Club’s account but make sure you put your name on the Payee section.

The account details are:
BSB: 704 328  Account Number: 36013
Make sure that you put your name in the Payee advice.
Other Events

5th - 6th September: The Rusty Iron Rally at Macksville Showground. Always a fine display of old machinery and vehicles.

10th September: First Aid Course for Motorcyclists. There will be a first aid course specifically designed for motorcyclists in Coffs Harbour on 10th September at the Aero Club. It is short course and starts at 11.00am and finishes at 3.30pm. The course has been developed specifically for riders. You will get the right advice and skills needed to provide effective roadside first aid and manage an accident scene until emergency services arrive. Learning is by way of practical crash scene scenarios and classroom discussion. You are taught when and how to remove a helmet, perform effective CPR, move a casualty in danger and manage bleeding, fractures, shock, head, neck and spinal injury. The cost of the course is $78 per person and go online and book directly at http://www.firstaidformotorcyclists.com.au/

25th September: Distinguished Gentlemen’s Ride from Grafton. Details will be provided when they come to hand.

2nd October, Coffs Harbour Car Club Show and Shine at the Geoff King Motors Oval, Stadium Drive, Coffs Harbour.

21st – 23rd October: 12th National BSA Rally at Beaudesert Showground.

29th – 30th October: Laidley Motorcycle Swap Meet.

5th -6th November: Mount Tambourine Rally.

Coffs Harbour Annual Christmas Tour. This year’s tour is a little shorter than previous years due to the proximity of the Tassie Tour which has attracted some 20 of our members in March, 2017! The Christmas Tour will leave Coffs Harbour on 29th December and go to Kyogle for two days, then to Laidley for two days, onto Maleny, Kingaroy, Toowoomba and then to Tenterfield on Friday, 6th January with the return to Coffs Harbour on Saturday, 7th January.

Please email Nick on sparkshiller@bigpond.com with expressions of interest and details will be sent to you or they will be available in the next edition of Restore and Ride. As previously, there will be a back-up vehicle for some luggage and a trailer for the unfortunate. Each day’s ride will only be between 200-330kms, so there is time for socialising, exploring and avoiding unpleasant weather! Remember you don’t have to sign up for the whole rally and as it is only just over the border, it is easy to come up later or go home earlier.

“The Walcha Challenge” Challenge!

Neil Weir from Taree has thrown down the gauntlet!

“Hi everyone,

I hope this email finds you all in good form and in training for the Walcha Challenge TT 2016?

Rumors are a plenty of entrants burning the midnight oil, building up a one-off TT specials to give them every chance to beat Margaret O’Brien on her BMW R60. Marg represented the Coffs Club and being the first and only female rider thus far to trounce all you blokes by winning the TT last year at her first attempt.

Regards Neil

On behalf of the Taree & District Vintage & Classic M/Cycle Club Inc.”

The Walcha Challenge
Touring Trophy

When is a Tourist Trophy not a TT event, when it’s the Walcha Challenge Touring Trophy? It is neither a road race, nor a time trial, but a touring event, using a scoring system to enable an even competition between the bikes of a bygone era and the latest machinery.

Arrive in Walcha on Friday the 18th, compete in the TT on the 19th, ride home victorious on Sunday the 20th November.

This is a Touring competition event; include in your tackle everything you would take when touring.

e.g. tool kit, puncture repair kit, spare tube if applicable, air pump or bottle, chain lube, hand cleaner, rags, mobile phone. Fear not there will be no tyre or wheel removal.

Below are two tales about “Sid*” and “Jim*”. Both these lucky chaps had motorcycles purchased for them by their spouses. “Sid’s wife” bought him a brand new 2016 T120 Triumph motorcycle while “Jim’s wife*” bought him the little two stroke Harley Davidson.

Mrs “Sid’s*” Story as told via Email to the Editor

“This is a public announcement:

Mr Sid* and Mrs Sid* are proud to announce the arrival of the newest member of their family. A shiny little Triumph T 120, both parents are delighted with their latest addition, they look forward to many years of over priced accessories, leaks, flatulent tyres and the occasional spill. Mrs Sid* is delighted,.... her expectation has been shortened by... three month,....... but unfortunately, now suffering from post-natal distress due to the hit to her diminishing bank account.

The cost of their previous family addition, Baby Harley had left her drained of financial resources. but feels appropriately compensated by physical exploitation..... and build-up of her shoulder muscle strength due to lifting Mr Sid’s * wheel chair into the back of her little Alto when... “Hubby” “Sid*”...... dropped Baby Harley..... [when only a few weeks old]”

Mrs “Jim’s*” Story as told in this old Harley Davidson advertisement

It may be editorial bias, but I reckon that with fuel economy of 100 mpg, it makes the Harley Davidson a clear winner over the Triumph!
